

**Missionary Letter October - December 2017**

It is always a pleasure to reconnect with our supportive friends and churches, as we share an update on our ministry in the United Methodist Mission of Quéssua.

**The covenant relationship between United Methodist Conferences of the United States and the United Methodist Conference of Eastern Angola is invigorated.**

From October 18 to November 7 of this year, a group of 4 volunteers on mission from the United Methodist Conferences of Yellowstone and Florida visited the Annual Conference of the East of Angola.

**Missionary Group of Yellowstone and Florida in the Mission of Quéssua, Angola. 10-20-2017**

In this historic connection between churches in the United States and eastern Angola, the spirituality of the people of God is strengthened and work plans are strengthened in various areas of common interests.

**The fight against Malaria in the East of Angola continues.**

**Group of Facilitators of the INM Program East the Angola.**

The implementation of the INM program of the Global Health Board of Global Ministries in eastern Angola trained a group of young people in preventive education and health actions aimed at reducing the prejudices caused by malaria in this geographical area of the African continent.

**Facilitator visits from house to house through the villages.**

In this phase of the INM program, the population is taught about the dangers, complications that malaria causes and the prevention of this disease.

**Health education on malaria in children, in the villages of the Quéssua mission**

Children are also trained to fight malaria through health education

**Pharmacy of the Medical Center of the Quessua's Mission.**

The health education carried out by the facilitators in the field, sensitizes the population of the villages to visit the

medical center before the appearance of the first symptoms of the disease.

**Medical Center of Quéssua. Adult medical consultation December / 2017**

**The anticipated Christmas arrives at villages of the Mission of Quéssua.**

**New Earth village. Quéssua, Malange. 12/2017**

Between the days 11 to 13 of December // 2017, girls and boys from the villages of the Quéssua mission were very happy when we celebrate an anticipated Christmas activity.

**New Earth village. Quéssua, Malange. 12/2017**

The resplendent faces of children were an undeniable sign of the presence of the baby Jesus in that environment. All united and holding hands we thanked the Lord for giving us such an special Christmas.
